

Issue 5

April/May, 2013

## Destiny Wellbeing Centre Newsletter

Hello Everyone!

It's been a busy and exciting start to 2013. Thanks to the support of our loyal customers Destiny had its best trading results ever!

Many new customers shopped and used our helpful services and of course it is always wonderful to greet our regulars.

On a personal note I spent 5 weeks in India recharging my MBS and being caught up in a society that tries to meld thousands of years of culture with all the advancements of a modern society.

The Kumbh Mela which takes place every 12 years and is the largest gathering of people on the planet took place during my visit. It attracts many celebrities like Madonna, Michael Douglas & Catherine Zeta Jones among others. However it is the faith of the pilgrims that is most touching.

Back to reality!! Hasn't it been a fun time in Australia? An election has been called and all the parties will be muddling until then. On the world stage we face the threat of a nuclear attack from Korea.

To get some idea of why this is all happening, read below an in-depth astrological insight from Rani, our resident astrologer.

On a more cheerful note, we are gathering goodies in Destiny for Mother's Day. We have gift Vouchers for you and your loved ones to purchase for treatments and products. To keep more money in your pockets we are running a sale (More on our Website). Our jewellery is an especially good buy as we have discounted our prices from the old silver prices making them great value!

We also have a wonderful range of CDs and DVDs. This is the best selection on the Lower North Shore. Come in and listen in-store!

Drop in to see one of our wonderful psychics or energy healers or to browse through our ever-changing stock.

We love feedback so drop us a line or call us.

Wishing all the Mums a very happy Mother's Day and for all of you who have family who fought for our country, we remember you on ANZAC Day.

Much love and blessings,

Patricia x

### Destiny's Astro-Tips for April/May with Rani

We're not out of the fire just yet...the GFC is definitely not going away with Uranus squaring Pluto in late May!

Add four planets in Gemini to that mix, including Jupiter, and know that the media will be abuzz with big news items!

Money is definitely a major theme while Mars cruises through Taurus from 20/4 until end May.

Rest assured that sudden breakthroughs will arise from sudden breakdowns, especially in the areas of power, authority and control systems.

A couple of eclipses will also place money, value systems, joint partnerships and financial matters/commitments and principles under the spotlight during April and May. There will be more GFC cliffhangers, guaranteed!

Note the following eclipse dates for April and May: 26/4, 10/5 and 25/5.

For an in-depth look at your own natal horoscope and how planetary cycles, movement and eclipses affect

your individual life, health, career or relationships, please book an astrology session with Rani at Destiny on: 9953 9030.

An exploration as to whether limiting beliefs around deserving prosperity and security in the material world might be hampering your success, could be really worth your while!

Deepening psycho-spiritual growth and aiding spiritual evolution is boosted by the progression of Neptune through Pisces!  
Saturn's flowing trine to Neptune will anchor its compassionate force, especially after July 7th.

For the next 13 years we're all being supported by Neptune's spiritual healing energy to make strides with our 'inner work'.

What a great time to dissolve ego-hardness and rough edges and see what we can do for others!

*Rani Müller is a certified astrologer (C.P.A., Lon. U.K.), 1999.*

## Crystal for April

### *Clear Quartz*

Clear Quartz is recognised as the stone of power. It receives, activates, stores, transforms and amplifies energies. Clear Quartz provides clarity and raised consciousness.

## Crystal for May

### *Chrysoprase*

Chrysoprase helps you to cope in new environments and situations, gain personal insight and opens the heart chakra. It is helpful in healing a 'broken heart'.
